

Workers' Compensation

Complete | Diverse | Supportive

You're always on. Working. Running a business. Watching over your employees. Managing expenses. Striving to grow. And you don't have time for interruptions.

When a worker gets injured on the job and interrupts progress, you need a strong advocate with comprehensive programs and services to help navigate a potentially long and expensive process.

Enter Westfield.

Why Westfield Workers' Compensation

Care. Our claims and customer care teams provide 24/7 empathetic and efficient professional care from the first notice of injury. Plus, we're continually developing ways to make communication easy and efficient.

Advocacy. Our programs include assigned advocates – including bilingual services – along with a Westfield Claims team member, to help navigate the programs and process of recovery.

Stability. Our values – integrity and stewardship – compel us to keep promises. And with our strong balance sheet and consistent A.M. Best “A” Excellent rating, we can, and we do. Every. Day.

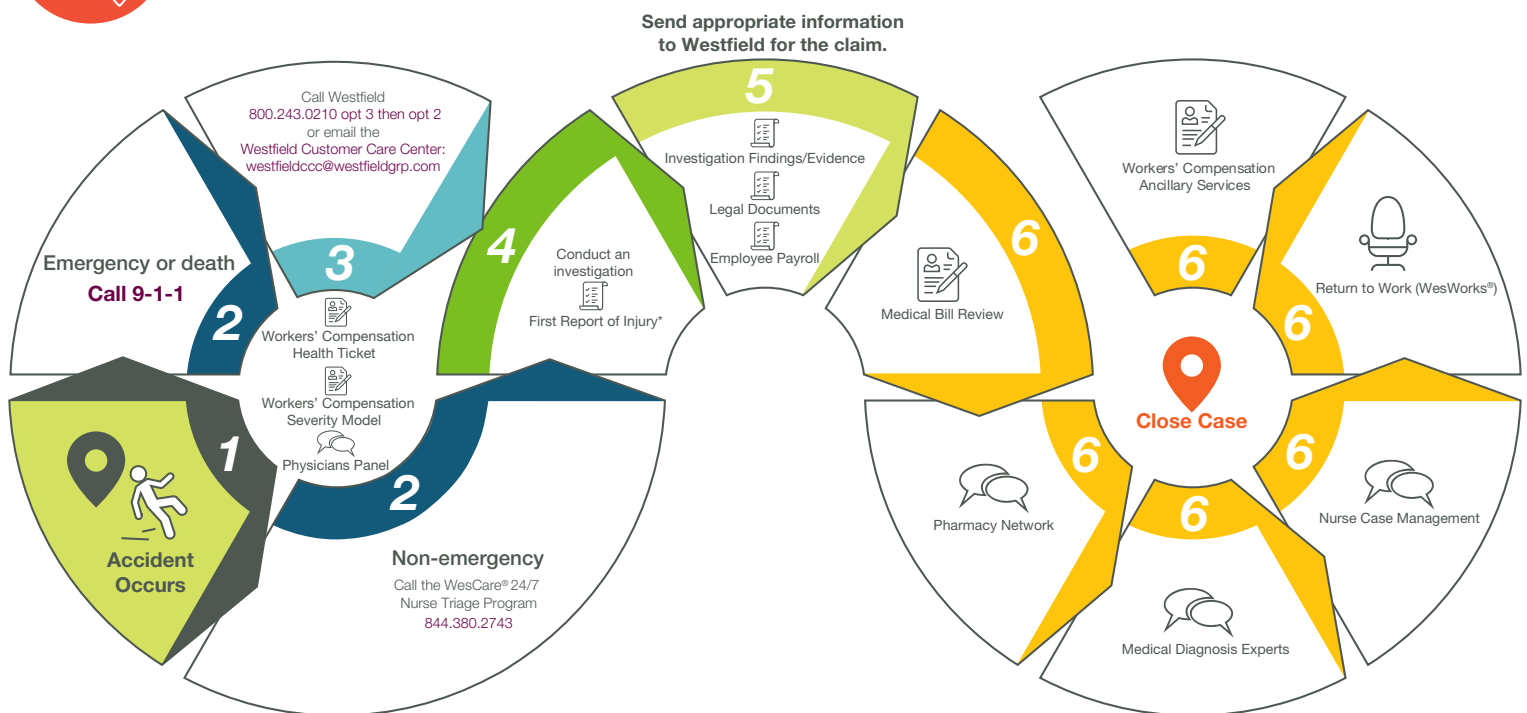

Experience. For over 175 years, we've worked hard to understand the types of risks customers face – the big kinds to avoid, the smaller day-to-day kinds, and the best kinds that push them to grow and prosper. That kind of longevity means changing with the times, sure. But it also means sticking with the values that have kept us thriving for generations.

How Our Program Works

Step-by-step process.

A Claims Professional oversees your employee's case and ensures they have the right access and ensures it has the right access to the services both the employer and the injured worker need.

*When an injury is reported through the WesCare® 24/7 Nurse Triage Program, the triage nurse will complete this.
